Remarks

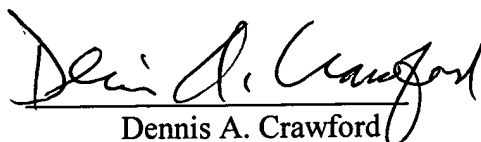

Applicant's Mistake is of a minor clerical or typographical nature and is not believed to involve such changes as would constitute new matter or require reexamination.

Berends et al. '079 was cited by Applicant in the Background of the Invention at column 1, lines 45-57 in Patent No. 7,014,012, and arguments were presented distinguishing Claims 1-14 over Berends et al. '079 in the Preliminary Amendment filed July 15, 2005. Thus, Applicant believes that Berends et al '079 was considered by the Examiner during examination of Application Serial No. 10/634,457 and should have been cited on a form PTO-892. However, Berends et al. '079 was not cited by Applicant on a PTO/SB/08A, whereby Berends et al. '079 was not listed on the issued copy of Patent No. 7,014,012.

Respectfully submitted,

Dennis A. Crawford
